## LIQUOR LICENSES.

A Big Batch of Them Granted by the City Council.

OBJECTIONS TO SOME WERE RAISED

By Mr. Wheat and Others But They All Went Through, Including the Policy Shop Places-Some Interesting Controversies in the Second Branch-Several Members Got Ex-

The city council met in regular session last night, the principal business stransacted was granting of liquor licenses, for which there were 133 ap-

The committee on petitions and re-monstrances handed in its report on the various applicants. The committee recommended that licenses be granted

to all the applicants. The report was received and filed.

Then followed the work of certifying the bonds and granting licenses to the large number of applicants who thronged the lobbies of both the first and second chambers. It was noised about that certain members of council intendthat certain members of council intended objecting to the granting of heeness to the applicants in whose places "policy" is a feature. The first objection was to the license of Andrew Fisher, Mr. Wheat moving that consideration of his application be postponed until the others had been granted. The motion prevailed. When the application of Jacob Steurnagel came up Mr. Wheat moved that it be laid aside until after the Fisher license had been acted upon. Mr. Milligan moved to lay the motion on the table. The motion to lay on the table carried.

Mr. Wheat then said he would move that the license be not granted. Mr.

that the license be not granted. Mr. Milligan then moved that it be granted, and as Mr. Wheat's had not been secand as Mr. Wheat's had not been seconded, the chairman was disposed to recognize Mr. Milligan's motion, but Mr. Hupp seconded the former's motion, getting it formally before council. Mr. Wheat handed in the petition of Mrs. H. C. Hahne, in which she claims Steurnagel's place is a disorderly one and that it keeps open on Sunday. She had also been informed that gambling went on there.

Mr. Killeen, the chairman of the committee on petitions and remon-

committee on petitions and remon-strances, said in answer to Mr. Wheat that Steurnagel had appeared before

that Steurnagel had appeared before that committee with four reputable witnesses, who had testified that the place was not disorderly, as alleged.

Mr. Wheat—I can vouch for the veracity of Mrs. Hahne. I do not object to the license being granted to Mr. Steurnagel, but I think he can not control his patrons. The point I wish to make is that the police are not doing their duty in allowing such disorder. I want to call down the police department for failing to secure obedience to the ordinances.

Mr. Gruse—I have known Mr. Steurnagel for many years and have always

Mr. Gruse—I have known Mr. Steurnagel for many years and have always found him to be an orderly citizen and his place quiet as others.

Mr. Killeen—Four gentlemen testified before the committee that Mr. Steurnagel runs an orderly house. We thoroughly investigated the matter, and could do nothing but recommend the granting of the license.

Mr. Milligan—Unless the charges can be proved I am in favor of granting the

Mr. Milligan—Unless the charges can be proved I am in favor of granting the license.

Mr. Wheat—My object was to call attention to the carelessness of the police department, and not an objection to the applicant.

After further discussion Mr. Wheat withdrew his motion and the license was granted.

withdrew his motion and the license was granted.

The next application to which Mr. Wheat objected was that of Watson & Larkin, which was laid over until after consideration of the Fisher application.

Mr. Gruse moved to take up the report of the water board which prevailed, and the report detailing the result of the meeting for organization and election of officials was read and approved. The bonds of the newly elected officials were then considered; that of John E. Schellhase, secretary of the board for \$20,000, with J. H. Pipes, W. J. W. Cowden, H. Schmulbach and George S. Simpson as sureties, was appoved, also the others. That of G. M. Varney, superintendent, is for \$3,000, with C. E. Van Keuren, Joseph H. Purcell and J. E. Hughes as sureties. Assessor C. A. Reed's bond was for \$10,000, with sureties Lohe E. Reed and May J. B. Reed's bond was for \$10,000, with surc-ties, John E. Reed and Mary J. Reed. The bond of Martin Flynn the other assessor was for the some amount, with Jeseph Boyle, John McGinley, Annie Flynn and Louis Bonneberger, sureties. All new business having been finish-ed the reconsideration of the Fisher

ed the reconsideration of the Fisher license came up.

Mr. Wheat—My objection to the granting of this license is because I am reliably informed that Fisher continually violates section 18 of the ordinance relating to coffee houses. The ordinance says if any keeper of a coffee houses and the same of the continuation of the continuation of the continuation of the result in the continuation of the Fisher Inc.

Mr. Wheat My and The Fisher Inc.

Mr. ordinance says if any keeper of a coffee house shall permit prostitutes to enter and drink he shall be guilty of an offense. My information comes from people in that neighborhood, but I don't propose to state their names. I move that the license be not granted.

Mr. Gruse—Roplying to Mr. Wheat, I

Mr. Gruse—Roplying to Mr. Wheat, I would call his attention to what he said not long ago, that if this state of affairs is anyone's fault it lies at the doors of the police department. If such violations of the ordinance as he claims, have taken place, they must have been very quiet, so the police didn't know of it. If the place is so riotous the police should do their duty, which I believe they are trying to do. On the bare statement which has been presented by Mr. Wheat I cannot support his motion. If citizens were so anxious that license should not be granted why did they not appear before the committee on petishould not be granted why did they not appear before the committee on potitions and remonstrances? This committee has reported nothing against this place, and I cannot see why the license should not be granted.

Mr. Killeen—It is just as Mr. Gruse has just stated. There was no com-

has just stated. There was no com-plaint before the committee, and that is the reason the committee recom-mended the application.

More wind was expended by several members and Mr. Wheat made the statement that one applicant for liquor license, which had been already

statement that one applicant for liquor license, which had been already granted, was so much intoxicated that he couldn't walk into the chamber straight. Another member wanted to know who it was, but Mr. Wheat wouldn't divulge.

Mr. Milligan—I have heard no reason why the license should not be granted.

Mr. Wheat—Yes, you have; he has violated section 18, which I read.

Mr. Milligan—The committee on petitions and remonstrances has investi-

tions and remonstrances has investi-

tions and remonstrances has investigated the case, and has seen no reason to refuse license.

Mr. Wheat (excitedly)—A member of this council said to me this evening that if he was not in the saloon business himself he would vote against granting this license.

second branch to order and stated the question. The vote was nine for rejecting the application and fifteen against it. The license was then granted.

The watson & Larkin application then came up and went through, sixteen to eight.

The newly elected water beard officials, Messrs. Schellhase, Varney, Reed and Flynn were then sworn in.

The newly elected water board omicials. Messrs. Schellhase, Varney, Reed and Flynn were then sworn in.

Mr. Gruse moved that council adjourn; Mr. Kenney said he had a resolution to present, and Mr. Wheat said if council adjourned in this manner immediately after granting licenses he would forever be opposed to considering any more liquor licenses.

Mr. Gruse—I am opposed to any more midnight sessions, and it is now past 10 v'clock.

past 10 o'clock.

Mr. Wheat—Very well, put your motion if you wish to do so.

Clerk Thoner got into the melee by Clerk Thoner got into the melee by stating that there were some more licenses to be considered. These were Harry Moore, auctioneer; H. N. Butler, shooting gallery; J. C. Hervey, auctioneer; W. H. Haller, auctioneer; W. B. Humes, billiard room; E. M. Statler, two billiard rooms, and Crockard & Booth, wharfboat. All were granted. Council then adjourned.

#### NEGOTIATIONS OFF

Between the Treasury Officials and New York Bankers.

WASHINGTON, D. C., April 25 .- At the cabinet meeting this afternoon Secretary Carlisle brought up the proposition of the New York bankers to supply, under certain conditions, the treasury with gold. It was very thoroughly discussed gold. It was very thoroughly discussed and finally rejected. What this proposition was is not known here, as Secretary Carlisle declined to make its terms public. It was not, however, considered advantageous to the government. This was the culmination of several propositions submitted, one of which was declined last Saturday.

A counter proposition was then made

which was declined last Saturday.

A counter proposition was then made by the bankers to the secretary of the treasury, which was received last Monday. This was also rejected, and in turn the secretary submitted a proposition to them which they also refused to accept. All negotiations therefore between the treasury department and the New York bankers are off, at least for the present, and Secretary Carlisle will look in other directions to continue to replete the treasury gold. The administration does not desire to issue bonds, and will not do so except as a last resort.

bonds, and will not do so except as a last resort.

The net gold in the treasury to-day, over and above the \$100,000,000 gold reserve, is \$000,000. This accounts for the gold taken for export to-day, also for the gold which has been offered and accepted by Boston bankers. It does not, however, include the gold offered to the government from San Francisco and Roanoke, Va. These amounts will appear in the treasury when the actual exchange is made. Secretary Carlisle is much encouraged at what he terms the "patriotic position taken by the Boston bankers."

#### THE GOLD FAMINE.

The Bankers Refuse the Proposition of Secretary of the Treasury Carlisle.

New York, April 25.-To-day was considered an "off day" by the subtreasury officials in this city as no gold was engaged for export and there was less fuss and flurry observable. Briefly stated, the construction put upon Mr. Carlisle's proposition to the New York bankers yesterday is understood to have been this: He

wished to know whether they would lend the government \$50,000,000 in gold for one year from May 1, the loan to be secured by ten year govern-ment 5 per cent bonds, to be issued at 117½, which would be equivalent to a 3 ner cent bond. cent bond.

The terms of this proposition were that the bonds were to be placed in trust with the secretary of the treastry, and as the banks turned in gold certificates to be issued to them therefor. At the end of the year the government was to have the option of paying off the loan in gold with 3 per cent interest. If the government could not pay the loan in gold at the end of the year, then the banks were to surrender their certificates and take the amount of bonds to which they were entitled at 1174.

The answer of the bankers to the proposition was that their gold was held in their reserve, required by law, and that if surrendered for bonds which were not current money it would have to be replaced in other money, which would mean that they would have to call in loans to an equal amount. The result would be very stringent money,

and perhaps a panic.
What the bankers are willing to do, What the bankers are willing to do, although they have not made the direct offer, is this: They will turn over \$50,000,000 in gold to the treasury department if it will issue in exchange certificates or notes bearing 2½ per cent interest, which can be counted in the reserve, and be used in settlement of balances at the clearing house the same as money, and which will be received for balances due to the subceived for balances due to the subtreasury and be reissued in exchange for greenbacks or legal tender notes. The certificates could be the same as the old clearing house certificates issued against collateral, which in this in-stance would be gold.

### St. Louis Bank's Offer.

Sr. Louis, Mo., April 25 .- The Boatman's Bank, of this city, telegraphed Secretary Carlisle offering him \$250,000 in gold. The offer was accepted by telegraph and the bank turned over the

#### Won't Work With Scabs.

OWOSSEME, MICH., April 25 .- General Manager Ashley's circular inviting the striking engineers of the Toledo, Ann Arbor & North Michigan to apply for positions on the road is not meeting with a very cordial reception here. Most of the men refuse even to consider it. As long as the company keeps a single "scab" engineer they say, so long no brotherhood men will apply. We won't work with "scabs," and there you have it.

#### It is a Horid Nulsance
